What you'll have at the end

By the end of this guide you will have:

- joined the TradinSolutions Discord;
- opened the Academy and started one of the two courses;
- if you have an audience, applied to the affiliate programme and know how commission is credited and tracked.

What these are: the Discord is one server, free to join. The Academy is two structured courses in forex fundamentals and technical analysis, open to every signed-in member. The affiliate programme pays recurring commission to approved partners who refer paying members.

What they are not: the Discord is not a signal room, and nothing posted there by staff or members is investment advice. The Academy teaches concepts; it does not promise results. The affiliate programme is not open to partners who sell signals.

02

Before you start

PLAN

- **Discord:** free to join. No plan needed.
- **Academy:** both courses are open to every signed-in member, including on the Free plan.
- **Affiliates:** applications are made from the member app and reviewed by hand.

WHAT TO HAVE READY

- A member account at app.tradinsolutions.com (for the Academy and affiliates).
- A Discord account (for the community).
- For affiliates: where you would promote TradinSolutions, your handles and URLs, and how you would promote it. Audience size and monthly reach are optional.

03

Step-by-step: join the Discord

1. Go to **tradinsolutions.com/community**.
2. Click **Join Discord →**.
3. Accept the invite in Discord and read the welcome message.

> **Important:** If anyone DMs you offering signals or account management, do not engage. Report it to support at contact@tradinsolutions.com.

> **Note:** When you ask a configuration question, attach your actual settings (with account numbers removed). A specific question gets a specific answer.

04

Step-by-step: the Academy

Step-by-step: the affiliate programme

The terms

TERM	WHAT IT MEANS
Commission	10% recurring, on every payment made through your link: the first order and every renewal, for as long as the subscription stays active. No cap.
When it is credited	Once each payment clears. If a payment is refunded or charged back, its commission is reversed.
Your audience	10% off their first payment (after any trial), applied automatically at checkout. No code to remember or type.
Attribution	30 days from the first click, whether they subscribe that day or come back a fortnight later.

TERM	WHAT IT MEANS
Approval	Applications are reviewed by hand and answered within two business days.
Not accepted	Unattributed link spam, and partners who sell signals.
Forfeits commission	Invented performance claims, and paid bidding on the TradinSolutions brand name.

Apply

1. Sign in and open **Affiliates** in the member app sidebar, under GROW & PARTNERS.
2. Fill in the application: **NAME**, **EMAIL**, **PREFERRED CODE**, **WHERE YOU'D PROMOTE**, **HANDLES AND URLS**, **AUDIENCE SIZE** (optional), **MONTHLY REACH** (optional) and **HOW YOU'D PROMOTE IT**, then accept the terms.
3. Submit it. Applications are reviewed by hand and answered within two business days.

Get your link and track it

Once approved, your referral dashboard shows your referral code and link. Each referral moves through **pending**, **approved** and **paid**, alongside your earned and paid totals.

Explaining the product honestly

The programme is looking for people who explain the product honestly rather than promise outcomes with it. In practice, when you talk about TradinSolutions:

- Say what it does and what it does not do. It copies your own trades between your own accounts and executes calls you choose to follow, with your rules checked first.
- Do not promise profit, returns, win rates, passed challenges or "passive income". Invented performance claims forfeit commission.
- Do not call it "prop-firm compliant" or "undetectable", or suggest hiding copying from a firm.
- Do not present it as a signal service. It is a signal copier.
- Do not bid on the TradinSolutions brand name in paid search. Paid brand-term bidding forfeits commission.

What each term means

TERM	MEANING
Academy	The two courses in the member app.
Course	One of the two: Market Mastery or Market Mastery II.
Referral link	Your personal link. Visits through it are credited to you for 30 days.
Recurring commission	10% of every payment on a referred subscription, for as long as it stays active.

TERM	MEANING
Reversed commission	Commission taken back because the payment it came from was refunded or charged back.
Pending, approved, paid	The stages a referral moves through in your dashboard.

07

Worked example: a small trading channel joins the programme

Say you run a YouTube channel about prop-firm trading, and you already use the trade copier on your own accounts.

1. You open **Affiliates** and apply, filling in where you would promote, your channel's URL and how you would promote it. You leave the optional audience fields blank.
2. Within two business days you are approved. You copy your link from the referral dashboard and put it in the description of a video where you show your own set-up on demo accounts.
3. A viewer clicks the link on Monday and starts a Pro trial twelve days later. They are still inside the 30-day window, so the referral is yours. Their first payment after the trial is 10% off, without typing a code.
4. When that first payment clears, commission is credited and the referral appears in your dashboard. Each renewal after that is credited the same way, for as long as their subscription stays active.
5. If a payment is later refunded or charged back, the commission on it is reversed.

In the video itself, you explain what the copier does and what it does not do, and you do not show real balances or promise results.
